

YogArt Tie-Dye Washing Instructions

Please wait to wash until the dye has set for 24 hours! When ready, have an adult follow these steps.

1. Remove your shirt from the bag (carefully, because the dye can stain) and put it into the sink.
2. Leaving the rubber bands around the shirt, thoroughly rinse it with COLD running water until it runs (mostly) clear. Make sure to rinse all sides of the shirt, and allow the water to run inside the cracks.
3. Take the rubber bands off of the shirt and put it in the washing machine. Make sure you wash it SEPARATE from other clothing, and on a warm cycle!
4. Dry the shirt (also separate).
5. Wear your beautiful tie-dye shirt to YogArt on the last day of camp!
